PUBLIC INPUT: Fred Goold re: Tagalder Boat Landing. Mr. Goold said as a property owner, he is not in favor of developing all lake frontage. The north end should be kept northwoods. There are other beaches on the lake. This is a remote location and the town may end up responsible for trash and clean-up. It will promote more traffic. Making this a beach will need permits for more sand. There will be some removal of trees, which could be a shoreline problem in the long run. Mr. Goold asked if the town should be involved in another recreation project in the township. Chairman Christians stated it was county land and was approved by the county. It appears the property owners will have to maintain the beach. Nelson Lake Property Owners Association recommended this project. The town has no say in its development.

Sue Reiske-Reiske Island View Resort: Ms. Reiske is concerned with the lowering of Nelson Lake on September 12th, this date interferes greatly with her reservations. If tourists can't get to the lake they will cancel their reservations. She is asking that the lake lowering be done at the end of September. The draw down is to save the fish and spawning. It must be done before freeze-up. John Welter noted that it does not freeze up until almost Thanksgiving Day. He asked if they couldn't wait until September 26th to draw down. As the township has no say in this issue, it was recommended that residents attended the June 11, 2022 Nelson Lake Property Owner Association meeting at the Vets Center in Hayward and plead their case.
